Rustik Viking Swing

A multi-user swinging experience, the Viking Swing offers a thrilling sense of movement and freedom as kids soar through the air. The flexible rope can be used sitting or standing to deliver a dynamic and exhilarating experience that promotes physical activity, balance, and coordination while stimulating the vestibular system.

PRODUCT CODE	RS-VIKI
FHOF 1.5m	AGES 5+
SITE REQUIRED	8.9 x 2.4m
MAX. EQUIP. HEIGHT	3.7m
MAX. NUMBER USERS	4
COMPLIANCE	AS4685:2021 (Parts 1-6)

MATERIALS

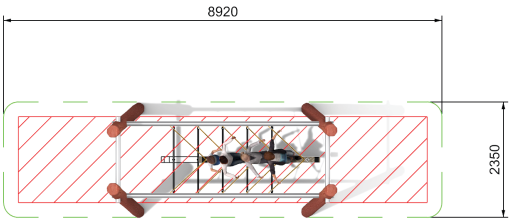
Australian Hardwood Timber
304 Stainless Steel Fasteners
Steel Cored Nylon Rope
Polypropylene Rope

SUITABLE FOR

Public Recreation Environments
Schools and Education facilities

DEVELOPMENTAL OUTCOMES

Gross Motor Skills
Balance and Coordination
Tactile Experience
Confidence and Independence
Vestibular and Proprioceptive Awareness
Social Interaction and Communication



TIMBER TREATMENT FINISHES

NATURAL CEDAR WALNUT JARRAH

Our Australian Hardwood Timber pieces are processed and crafted by hand from natural hardwood timber species and are unique pieces, not factory finished. Each timber will have its own individual grain and character, and may feature knots that do not influence the structural integrity.

While we select only the finest Ironbark species, timber may expand and contract due to environmental conditions. We recommend a yearly sand and re-coat of the Timber Treatment product supplied with your Playground Servicing Kit.
